GIANTS BEATEN BY

Foster. Wild. Hits Five Players During Game. Knocking Wiltse Senseless.

Horston, March 17.—The Giant regulars jet to the Houston team here this afternoon by a score of 5 to 2. Not only did the game must result in an ingiorious defeat but McGraw's men made only three hits off pitcher Foster, who worked the whole nine.

So practice games will be taken up again. Then Wolverton can get a better idea of the possibilities of his youngsters, who, to say the least, look promising in such work as has been had.

As a manager Wolverton, judging from his methods, is a student of men as well as of the game of baseball, and from the start he has set about to establish a spirit of unity among his players. He isn't demonstrative, but he is evidently sincere. He has the faculty of spurring his men on to work hard and he is a pretty thorough drillmaster on the field. The men all like him, and there exists an entente in the ranks which isn't found in every ball club.

There is a matter of salary to be adjusted between Wolverton and Cree before the Highlanders can muster their full strength, later on at any rate. The annual rental will amount to at least \$5,000, while players' salaries, arranged upon the lowest scale, will necessitate an outlay of at least away from home may reach \$10,000, so that the club will be liable for about \$75,000 for the entire season. At 25 cents a head the games must draw an average attendance of 4,800, exclusive of extra charges for reserved seats. A winning team is necessary, yet without star players it is predicted that the opposition would have been shut out.

Ever since William Newman aslearning how to hit with the back of the knuckles. He has developed an effective right hook and uppercut which he usually drives into the body, but he has found it hard to perfect a straight left hand jab Newman has worked hard with Morris to develop this important blow and yester-day Morris at times showed that his trainday Morris at times showed that his trainer's advice had not been wasted. If Morris can put his great strength behind the left hand in the bout with Stewart it is believed that he will win decisively. He outpointed Stewart in Brooklyn several weeks ago for the reason that he forced the fight from start to finish and landed the greater number of clean blows. But in that affair Morris showed that he did not know how to put real steam into his wallops. Morris's gameness and strength have never been doubted so that ring experts cannot figure how Stewart can make an effective attack. If Morris wins impressively the clamor for a match with Al Palzer will be renewed. But if Palzer continues to name impossible conditions Morris may be induced to shape up with the heavy hitting Soldier Kearns.

Decisively whipped by Packy McFarland at Kenosha. Wis. Friday night Kid Burns. the West Side lightweight, has returned for his bout with Jack Goodman at the Fairmont A. C. to-morrow night. These young men boxed at the Bronx club recently and after a hard fight Goodman was pronounced the winner on points, although he did not have a big advantage. Because of the rivalry between the followers of Goodman and Burns they have been rematched and ring sharps are waiting to see the fur fly.

Another good match to be decided this week is the clash between Sailor Burke of Brookiyn and Bob Moha, the Western middleweight, at the National Sporting Club Thursday night. Moha is said to have bested Fireman Jim Flynn in a three round affair at a Minneapolis Theatre two weeks ago. His ring record includes vice tories over Bill Papke, Billy Bergen and Terry Martin; also draws with Jack Billon, Tommy Quill and Young Loughrey. This will be Moha's first appearance at a local Club.

With the Eastern racing season scheduled.

With the Fastern racing season scheduled to begin at Jamestown, Va., on April 8 horsemen are assured of plenty of action Meetings at Pimlico and Laurel in Maryland will provide many stakes and purses for those who do not care to race in Canada and kentucky. It is a matter of interest to learn whether the Maryland tracks intend to ask the Jockey Club for sanctions and dates this year. From Baltimore comes a yarn that Pimlico and Laurel, if the Maryland Legislature passes a bill now under consideration, will ignore the turf governors in this city. These tracks, if the bill becomes a law, will depend upon a State Racing commissioner to regulate their dates and meetings, including the form of speculation that may be oractised. With no relief for the Jockey Club in sight the Maryland tracks are anxious to baddle their own cance. So far the Jockey Club's control of racing in the Last has been suppreme. Its power has been recognized by the European turf authorities. But unless the New York tracks are allowed to resume operations this authority and power all soon commant little or no respect.

the Country Club of Atlantic City decides to take an earlier date than the middle the North. Although not included in the metropolitan circuit "Atlantic" tries to lubs in this vicinity, as New York golfers fall tournaments at the course by the sea.

Since the United States Golf Associaamateur and open championship, the Western Golf Association has been con-templating a shift as well. The Western ournament was set for July 15 to 20 at the Denver Country Club, largely because several of the leading Chicago players exdates and because the Denver Country Hilton and other English players who

nay come over with him to take part. Since Hilton has stated that he can not come over until the latter part of August there is no chance of him playing in the Western on the dates at present assigned and it does not appear ikely the Western can be moved closes to the national amateur event without causing a lot of trouble. The national amateur is to be played the week of September 2 and this will necessitate a change in the dates of the Western open, change in the dates of the Western open, set for September 5 to 6 at the Idlewood Country Club of Chicago. By putting the Western open into the second week in September it might be possible for Hilton and other British players to compete and this matter doubtless will be considered by the executive board of the W. G. A. when it takes action. Among the Chicago officials of the W. G. A. there is a feeling that the original dates picked for the Western amateur had better be adhered to, as moving the event nearer the national amateur would bring it too close to the trans-Mississippi, which is to be played at the Minikaoda Club of Minneapolis, August 12 to 17. The Denver Country Club is the most interested party and has yet to be heard from. The Coloradoans are anxious to make the first meet held there a hummer and whatever their wishes are they will be given careful consideration.

The annual meeting of the Oakland Golf Club will be held at Delmonico's Wednesday evening, when the members will elect five governors, to serve two years, and also vote upon proposed amendments to the constitution. The men named to serve on the board are H. K. S. Williams, F. T. Steinway, George L. Shearer, R. W. Poor and Carrington G. Arnold.

While no news has as yet been received as to the team H. H. Hilton is likely to bring with him when he comes to America to defend his title, yet the impression prayalls that most of those to America to defend his title, yet the impression prevails that most of those who do come will be representatives of the older school. Hilton, John Ball and J. L. Low are all past 40 years of age. Low was here before as captain of the Oxford-Cambridge team and there is no certainty that he intends to visit America again. Ball is also doubtful.

In this country the leading amateurs, with the exception of Walter J. Travis, are all young men. Charles W. Evans, Jr., Jerome Travers, Oswald Kirkby, Fred Herreshoff, Albert Seckel and Robert Gardner are stumbling blocks that the Britishers will have to avoid while here. There are a host of others in the West that will have to be reckoned with, especially as the championship is going to be decided at Wheaton.

CANADIANS IN HOCKEY GAMES.

Rink To-night.

The leading professional hockey players in Canada will play to-night in the opening game of the tournament for the world's championship and a purse of \$2,500 at the St. Nicholas Rink. This tournament will be participated in by the four teams which only last week concluded a series of thirty-six games for the possession of the Stanley cup, emblematic of the championship of Canada, which resulted in a victory for Quebec by the small margin of one game over ottawa, the winner of the championship last year; the Wanderers of Montreal and Less Canadiens, the French Canadian team. The leading professional hockey players Canadiens, the French Canadian team.

play a series of four games here and in t final and deciding series of two matches in which the total number of goals scored

treal. In the opening game of the Boston series these teams tied in a three period game, five all, and rather than give either team an advantage of a single goal the players refused to continue the game in Boston, and will resume the struggle here to-night with five goals to the credit of each and honors even.

This will be the first visit of the French team, which is made up of some of the best professional playinv material in the Dominion. In some respects they even excel their English speaking rivals. Vezina, who plays goal, is considered quite the equal of Le Sueur, whose work in the cage for Ottawa when that team played the Wanderers here a year ago won the admiration of local hockey enthusiasts. Bubeau, at point, and LaViolette, the cover point, have few superiors in playing those positions. Pud Glass, the only English speaking member of the team, was here last year on the Montreal Wanderers, playing rover, in which position he has no equal in Canada.

The Cleghorn brothers, who played as amateurs in this city a couple of years ago, are now with the Wanderers club. Sprague Cleghtorn is the cover point, while odio Cleghorn looks after the team at right wing.

The Ottawas and Quebecs will play

Off Day for Shooters at Larchmont Yacgt Club.

It was an off day yesterday at the

Elias easily carried off the honors of the day, for besides being high gun with 102 targets smashed out of 125 he was also the winner of the fifteen target scratch competition with a score of 13. Breaking 88 out of his 100 targets he won the 100 "bird" handicap contest. W. B. Short, being the runnerup, with 86 to his credit. Elias also won the leg for the monthly cup with a score of 24 out of his 25 and the leg for the Held trophy after a shoot off with T. J.
